# RESTROOM CARE

*We are Effective  
Environmental Systems.*

*For over 2 decades, we  
have been providing quality  
odor control products for  
thousands of institutional  
and industrial businesses  
across the United States.*

*We are EES, and we are  
the solution to your  
maintenance needs.*

EES, Inc.  
127 Riverside Drive,  
Cartersville, GA 30120

Toll Free: 800-473-9467  
Fax: 678-721-9279  
www.eesatl.com

*33% of all janitorial cleaning sales are a result of products used in rest rooms. These products are key items for any well-maintained facility. Using environmental- and health-friendly materials, these items represent highly effective, quality restroom care.*

## NEW GROUT II – GROUT RESTORER

A rapidly effective, low odor, non-fuming, high sudsing, acid base detergent for a variety of cleaning and descaling operations, especially designed to make old grout like new again. This concentrated product may be used undiluted for severe encrustation of scale, deposits, alkaline matter, or diluted with water for economical removal of hard water formation of soap scum, corrosion, lime build-up or mortar spatters. This unique formulation combines the chemical strength of blended acids with the emulsification properties of high sudsing synthetic detergents. Cleans debris from brick and masonry surfaces, ceramic tile, mortar stone, and metallic surfaces other than aluminum or magnesium. This product is ideal for cleaning, degreasing, and providing a light etch to concrete floors. Water conditioners assist in film-free rinsing of cleaned surface.

- *Restore grout.*
- *Works in minutes.*
- *Low odor.*
- *Easy to use.*

FG 8011-qt – 1 Quart (PACKED 12/CASE)  
FG 8012-gal – 1 Gallon (PACKED 4/CASE)

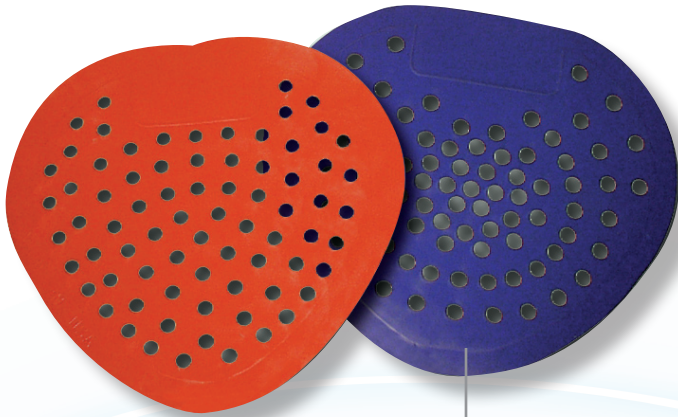

## TOILET RIM CAGES WITH ENZYME DEODORANT STICKS

These uniquely designed rim cages provide a continual blue cleaning solution that provides pleasant fragrance to the surrounding area. The reservoir design completely eliminates unsightly blue drips. The surfactant rim stick contains enzyme-producing, odor-eating biocultures that digest organic materials and keep drains running freely. Safe for septic tanks and enhances septic performance!

**FG 3010 (PACKED 12/CASE) or FG 3110 (PACKED 24/CASE) – Green Apple**  
**FG 3020 (PACKED 12/CASE) or FG 3120 (PACKED 24/CASE) – Fresh-n-Clean**

- *Metered valve eliminated dripping on toilet bowl.*
- *Billions of active biocultures in each block.*
- *Fits most commodes.*
- *Keeps commodes clean and smelling fresh.*

## FLAT URINAL SCREENS

These economical urinal screens are made of pure vinyl and are flexible enough to fit any size urinal. They prevent garbage from blocking drains while effectively deodorizing for up to 30 days. No chipping, cracking or peeling.

**(PACKED 12/CASE)**

**FG 6010 – Cherry**  
**FG 6011 – Bubble Gum**

- *Fits any urinal.*
- *Fragrances mask odors.*
- *Screen traps debris.*

## URINAL SCREENS WITH ENZYME BLOCKS

These screens feature a raised holder to keep the deodorant block drier, thus lengthening block life. Screens are made from flexible, form fitting plastic with "break-off" hooks for easy, sanitary removal. Deodorant blocks are made from extruded odor control material. Each block contains over 3 billion enzyme-producing biocultures that destroy odor-producing organic materials. Drains remain open and free flowing.

- *Raised block, longer life.*
- *Billions of active biocultures in every block.*
- *Large screen covers most drains.*

**(PACKED 12/CASE)**

**FG 2010 – Green Apple**  
**FG 2020 – Cherry**  
**FG 2030 – Fresh-n-Clean**

### PRIVATE LABEL

# SOLID DEODORANTS

## SLIM LINE BEAD BAG RETAIL DISPLAY

Slim Line Bead Bags are now available in 45 count displays, which can sit on a counter, peg board or power panel rack. Each display has 9 pegs, which hold 5 cards each and can be packed with whatever fragrances move best in your market. In order to have a broader selection of fragrances, order two displays. Each display comes pre-packed with a colorful header card. Specify fragrances when ordering.

**FG 8900 – Retail Display:  
45 Slim Line Bead Bag  
packages**

## SLIM LINE BEAD BAG RETAIL DISPLAY WITH SPRAY-A-JELL

Now you have the advantage of having fragrance beads and Spray-A-Jells in one convenient location. This display has six pegs with five Slim Line Bead Bag packages per peg. The pegs can be packed with any fragrance that fits your market. It also gives you the advantage of changing fragrances with reorders. The Spray-A-Jells are in 8 oz. bottles and are available in 6 fragrances. Specify when ordering.

**FG 55772 – Retail Display  
with Spray-A-Jell: 30 Slim  
Line Bead Bag packages &  
14 Spray-A-Jell bottles**

## SLIM LINE BEAD BAG REFILLS FOR DISPLAYS

Bead Bags are available in 9 fragrances, each neatly packed in a slim line package. Each package is color-coded to represent the fragrance and is printed in English and Spanish. Each package contains a single net bag of fragrance beads. Refills for FG 8900 and FG 55772.

See Liquid Deodorants page for 8 oz. Spray-A-Jell refills.

**(PACKED 12/CASE)**

- FG 89010 – Green Apple
- FG 89020 – Sea Breeze
- FG 89030 – Strawberry
- FG 89040 – Peach
- FG 89050 – Fresh 'n Clean
- FG 89060 – Piña Colada
- FG 89070 – Black Cherry
- FG 89080 – Juicy Melon
- FG 89090 – Plumeria

*Our Bead Bag air fresheners are ideal for air-vents, automobiles, trucks, campers, vacuum cleaner bags, sick rooms, drawers and hampers.*

## FLOW FRESH DISPENSER

This attractive, easy to install dispenser is ideal for placing on air vents, doors, hamper lids or anywhere else you would like to place a bead bag to freshen the air. The Flow Fresh Dispenser has vents both front and back, allowing air to pass through the dispenser and fragrance beads. Each dispenser comes with double-faced tape on the back for easy installation.

- *Raised back design allows extra air flow.*
- *Holds any of our Bead Bag products.*
- *Great for doors and air vents.*

**(PACKED 12/CASE)**  
**FG 504834**

## BOTTLE-O-BEADS

The same effective, easy-to-use Bead Bags as in the retail displays, but bulk packed with 12 or 24 nylon net bags per bottle. Ideal for institutional use where fragrance beads are used for multiple applications. Resealable lid.

# LIQUID DEODORANTS

*For many applications, liquids are the most effective means of controlling unwanted odors. The following products have been selected for their high quality and effective performance. New for this year is our Enzyme Spray-A-Jell that eliminates the source of odors while providing a fresh, long lasting scent.*

## SPRAY-A-JELLS

Truly a technological breakthrough in air freshening. Spray-A-Jells are as thick as gelatin in the bottle, but with a little shaking, liquefy to the point they can be sprayed. After a few seconds they once again become jelled and provide long-lasting air freshening as they evaporate entirely.

Ideal for use in trash can liners, under sinks, behind commodes or anywhere else long-term air freshening is desired. Available in 8 oz. and quart bottles. The 8 oz. size is packed 18 per display case. Quarts are packed 12 per case with two trigger sprayers per case.

### 8 oz. Spray Bottles

(PACKED 18/CASE)

FG 9951-8—Fresh-n-Clean  
FG 9952-8 – Green Apple  
FG 9953-8 – Orchard Spice  
FG 9955-8 – Assorted  
FG 9957-8 – Plumeria  
FG 9958-8 – Cool Breeze  
FG 9959-8 – Peachy Clean

### 1 Quart Spray Bottles

(PACKED 12/CASE)

FG 9951 – Fresh-n-Clean  
FG 9952 – Green Apple  
FG 9953 – Orchard Spice  
FG 9957 – Plumeria  
FG 9958 – Cool Breeze  
FG 9959 – Peachy Clean

## ENZYME SPRAY-A-JELL

Try our new Enzymatic Spray-A-Jell that contains thousands of biocultures that consume the source of odors. And because the enzymes are in the long-lasting Spray-A-Jell, the enzymes stay on the problem area longer making them more effective. Comes packed with two trigger sprayers per case.

(PACKED 12/CASE)

FG 9950 – 1 Quart Spray Bottle

- *Enzymatic action fights odors effectively.*

- *Long-lasting jells extend the fragrance time.*
- *Use anywhere without vandalism concerns.*
- *Sprays like a liquid, clings like a jell.*

FG 8603-8 – 8 oz. (PACKED 18/CASE)  
 FG 8603-qt – 1 Quart (PACKED 12/CASE)  
 FG 8603-gal – 1 Gallon (PACKED 4/CASE)  
 FG 8603-5 – 5 Gallon  
 FG 8603-55 – 55 Gallon

## KNOCK-OUT

Knock-Out is a "true deodorant" in that it eliminates odors, and doesn't simply cover them up with a nice fragrance. Knock-Out contains a chemical molecule that is concave in shape and blends perfectly with many "foul-odor" molecules such as sulfides, amines and mercaptans. Once the Knock-Out molecules trap and attach to the "bad guys", the newly formed molecule has a different structure and is no longer an offensive odor. Only foul odors are effected by this chemical change, leaving fresh, pleasant fragrances untouched. Knock-Out eliminates many foul odors, but is extremely effective on cigarette and cigar odors.

- *Eliminates cigarette smoke odors.*
- *Easy-to-use. Long lasting.*

FG 8010-8 – 8 oz. (PACKED 18/CASE)  
 FG 8010-qt – Quarts (PACKED 12/CASE)

## SCRUB BUGS

Here is a truly unique and amazing cream cleanser that combines odor control, cleaning and drain maintenance into one product. Most cream cleansers on the market are on the acidic side of the pH scale, but not Scrub Bugs which is on the alkaline side. In addition to being safer than acid-based products, Scrub Bugs is highly effective on soap scum, which acids will not touch. Scrub Bugs contains enzymes that, when rinsed down the drain, attack organic materials that cause odors. Excellent for cleaning stainless steel, showers, grout and other hard surfaces.

- *No acid alkaline cleaner.*
- *Very mild abrasive.*
- *Removes soap scum and oil rings.*
- *Excellent fragrance to counteract odors.*
- *Keep drains freely flowing with billions of biocultures.*

## ODOR DIGESTOR

Odor Digester is a combination of extremely effective odor counteractant and bioculture-producing enzymes that eliminate offensive odors. Extremely effective on urine, vomit, feces, body odors, animal and pet odors. It has the highest concentration of bioculture strains available on the market, with a minimum of 287 billion CFU's per gallon. Ideal for day cares, jails, and health care applications. Available in quarts, gallons, 5 gallon pails and 55 gallon drums. Quarts are packed 12 per case and gallons are packed 4 per case.

- *Extremely high bioculture count.*
- *Eliminates urine and pet odors.*
- *Add to rinse water. Excellent cleaner.*

FG 7010 – 1 Quart (PACKED 12/CASE)  
 FG 7011 – 1 Gallon (PACKED 4/CASE)  
 FG #7012 – 5 Gallon  
 FG #7013 – 55 Gallon

# DUMPSTER & DRAIN CARE

*BugBand Insect Repellent comes in a spreadable form for dumpsters and trash cans. It is biodegradable and DEET-free. The naturally derived Geraniol used in BugBand has been proven by the University of Florida to be an effective insect repellent.*

## BUGBAND DUMPSTER & TRASHCAN INSECT REPELLENT

Granular BugBand is used to both deodorize as well as control flying insects around garbage collection areas such as dumpsters, curbside pick-up or trash cans. BugBand Dumpster and Trashcan treatment uses naturally-derived Geraniol repellent with corn cob as the base. BugBand is biodegradable and does not significantly contribute to the "landfill volume." Fresh fragrance. Highly effective and lightweight for reduced shipping cost.

**FG 88650M – 3 lb. Shaker Bottle (PACKED 6/CASE)**  
**FG 88651 – 55-Gallon Fiber Drum (160 lbs.)**

*Our Grease Pig drain treatment works behind the scenes using the latest bioculture technology to eliminate the buildup of organic waste and odors that can lead to big problems.*

## GREASE PIG ENZYMATIC-ACTION DRAIN STATION CLEANER

Using advanced enzymatic technology, Grease Pigs are formulated for use in grease traps. By blending specific biocultures with a slow release solid, Grease Pigs are ideal for digesting grease and other organic food waste from grease traps and drain lines. Grease Pigs have a much higher bioculture count than liquids and require no pumping equipment for maintenance or installation. Each Grease Pig is packaged in a heavy nylon bag for support in the grease trap. 5.2 lbs. per block.

**FG 78521 – Single Block**
